

I Climb

Thousand Foot Krutch

From the middle of the room she hears the conversation moving,
further from where she's going without even knowing.
Now the vibrations in the floor are getting closer to the door,
and is this the way you let your problems drift away to?

R: I climb so high, it blows me away sometimes,
see through my holes, into this place I call my own. This time
I'll try, it's in the air tonight, sleep tonight, no more cryin'
, cause I've got you on my side.
I don't want you to be anything at all,
I just want you to say you love me, I don't care, just
stop living life like this.
I don't want to be anything at all,
I just want you to see who I am, and stop the violence, no more
silence.

I'm gonna show ya I'm alive, breathing clearly for the first ti

me to the place you are. I needed time to clear my mind, keepin

I'll shout from the top of the rooftop singing,
I'm not afraid of the bed I lay in.
Listen to the sound of the voices ringing, I can't deny it, no
more silence.
