

Light Up

Thousand Foot Krutch

I saw an angel fly today,
Just like a movie.
I couldn't speak,
I couldn't walk away.

'Cause you flew right through me.
And I'm not waiting,
These hands are shaking,
Trembling.

I've been taken, by you/
I was lost before tonight and,
I'm so amazed at how you've,
Touched me, and make it right,

'Cause I'm alive,
When I see you, light up,
I light up, I light up,
When I see you, light up,
I light up, I light up.

I saw another side today,
I didn't know existed,
No words, could ever help,
Explain.

I almost missed it,
I'm not waiting,
These hands are shaking,
Trembling.

I've been taken, by you.
I was lost before tonight and,
I'm so amazed at how you've,
Touched me, and make it right,

'Couse I'm alive
When I see you, light up,
I light up, I light up,
When I see you, light up,
I light up, I light up

Like stereo lights, in the dark,
We rise, like sparks
Like stereo lights, in the dark,
We rise, like sparks
Like stereo lights, in the dark,
We rise, like sparks
Like stereo lights, in the dark,
We rise, like sparks

When I see you, light up,
I light up, I light up,
When I see you, I light up,
I light up, I light up/.
