

New Drug

Thousand Foot Krutch

I want it, I need it, I taste it, I breathe it,
it fuels my aggression, and fuels all my
questions,
I can not conceal it, it hits me, I feel it,
it kills me, I bleed it, now I believe it

I, I want it, I, I need it, I, I, breathe it,
you are the new drug,
I, I, want you, I, I, need you, I, believe you,
you are the new drug

I want it, I need it, I trust it, I breathe it,
It fuels my aggression, and fuels all my
questions,
I can not conceal it, it drives me, I feel it,
it fills me, I need it, now I believe it

I, I want it, I, I need it, I, I, breathe it,
you are the new drug,
I, I, want you, I, I, need you, I, believe you,
you are the new drug
