

# The Part That Hurts the Most (Is Me)

Thousand Foot Krutch

Everyday I get a little closer  
And everything I'm made off starts to melt away  
I see the signs but I can't quite make the words out  
All I want is to be near you but I push you away

I just wanna get away but I hurt you everyday  
(The part that hurts the most)  
The part that hurts the most (is me)  
The most (is you)  
It's everything I do without you

The part that hurts the most (is me)  
The most (is you)  
It's everything I do without you

Every chance I get I'm moving closer  
I know I'm not supposed to but I can't break away  
I see the signs but I can't quite make the words out  
All I want is to be near you but I push you away

I just wanna get away but I hurt you everyday  
(The part that hurts the most)  
The part that hurts the most (is me)  
The most (is you)  
It's everything I do without you

The part that hurts the most (is me)  
The most (is you)  
It's everything I do without you

I hate talking about it  
Try to lose it but in stead I found it  
I want you to know I couldn't love any one more

No!  
Stay away from me (Get up)  
I turn and walk away, I just won't let her  
No!  
Stay away from me (Get up)  
I turn and walk away, I just won't let her  
No!  
Stay away from me (Get up)  
I turn and walk away, I just won't let her  
No!  
Stay away from me (Get up)  
I turn and walk away, I just won't let her

The part that hurts the most (is me)  
The most (is you)  
It's everything I do without you

The part that hurts the most (is me)  
The most (is you)  
It's everything I do without you
