# Exit the Matrix

**Threat Signal**

Run through the streets of ignorance
Disregard mass oppression
Disengage the walking dead

Hide from repressive dark aura
Negative deception thrives
Just save yourself

You are the one who designs
You are the one who decides
Rise
Re-program your brainwashed mind
Find a new perspective
And reinvent your life

Fearless
Taking this life under control
And now I'm finding out the real truth
And now I've found the truth

Exit the matrix [2x]

[2x]
This body is only a shell
Consciousness determines existence

Fearless
Taking this life under control
And now I'm finding out the real truth
And now I've found the truth

Open your mind's eye
Take the red pill
We are all vibrations

Open your mind's eye
Take the red pill
We are forms of energy

Energy is neither created nor destroyed [2x]

Fearless
Taking this life under control
And now I'm finding out the real truth
And now I've found the truth

Fearless
Taking this life under control
And now I'm finding out the real truth
And now I see the truth

Exit the matrix [2x]
