

See through the face of a thousand lies examine what your shown
Mass media will hide the truth don't believe what you're told
Their hidden agenda decides the way we live our lives
Deception clouds your mind now open your fucking eyes

Now we all must fight
And take back our lives
Now its do or die
Aggression is justified

It's your will for oppression that leads us to die in vain
We are the countless deceased laying buried beneath your flag

See through the pain of a thousand eyes acknowledge what you st
ole
Our nation built on lies wont stand for this anymore
Another fallen victim dies for what they thought was right
Regression builds inside now open your fucking eyes

Now we all must fight
And take back our lives
Now its do or die
Aggression is justified

Hate we will not enslave ourselves we must save population
Take back all of our rights

Now we all must fight
And take back our lives
Now its do or die
Aggression is justified

It's your will for oppression that leads us to die in vain
We are the countless deceased laying buried beneath your flag
