Three 6 mafia hypnotizin' don't make me set it off  
Screamin' notha fuckin' murder, murder, murder on my mind  
Gettin' wild with these hella fied rhymes on ya mind  
Never the on be mistaken  
Never the one takin' a loss  
I always be the fuckin' one who to be the damn doubt  
Watcha say, nigga what  
You wanna get up in my shit  
Shit gonna get your ass in trouble  
Shit gonna get your head split  
Stay focused stay rollin' when i'm ridin' dirty nigga  
Gettin' twisted off some nigga  
Dedicated to you killa  
Guess who was scared  
Niggas stalkin' in the memphis streets  
The triple 6 them mafia niggas you don't wanna meet  
Creep up on your ass and let the barrel sweep  
Sweep and let the blast take you from off your feet  
And to your family and your friends i know them hoes will miss you  
You should have warned them that the three 6 mafia out to get cha  
Would you walk to his house with a pistol  
Could you let the heat go like you shouldn't have missed him  
It's the blue lights in the night  
When i go for ridin'  
I'm seein' headlights on the right creepin' up from behind  
Ran that trick hit the d
