

# Tell Me Why

## Three Days Grace

How'd I wind up here again?  
It's like I'm always getting blood on my hands  
All it takes is one and I'm going in a thousand till the end  
How i wind up here again?

You take me to the edge  
You push me too far  
You watch me slip away  
Holding on too hard

Tell me why is everything that I love get taken away from me?  
Why is everything that I love get taken away?  
You take me to the edge  
You push me too far  
You watch me slip away  
Holding on too hard  
Tell me why is everything that I love get taken away from me?

How can nothing even last?  
It goes from good to bad to worse so fast  
All it takes is one i'm going i can't erase the past  
How can nothing even last?

You take me to the edge  
You push me too far  
You watch me slip away  
Holding on too hard

Tell me why is everything that I love get taken away from me?  
Why is everything that I love get taken away?  
You take me to the edge  
You push me too far  
You watch me slip away  
Holding on too hard  
Tell me why is everything that I love get taken away from me?  
(From me)

Here i'm alone again  
Alone again  
I'm alone again

How can nothing even last?  
It goes from good to bad to worse so fast  
Tell me why is everything that I love get taken away from me?  
Why is everything that I love get taken away?  
You take me to the edge  
You push me too far  
You watch me slip away  
Holding on too hard  
Tell me why is everything that I love get taken away  
Tell me why is everything that I love get taken away from me?
