Unbreakable Heart

Three Days Grace

Hijacked when you weren't looking Behind your back, people are talking Using words that cut you down to size

You wanna fight back, it's building inside you Holding you up, taking you hostage
Yea, it's worth fighting for

They try to take your pride, try to take your soul They try to take all the control They'll look you in the eyes, fill you full of lies Believe me, they're gonna try

So when you're feeling crazy and things fall apart Listen to your head, remember who you are You're the one, you're the unbreakable.. heart You're the one, you're the unbreakable.. heart You're the one, you're the one

Hijacked when you weren't looking Behind your back, people are talking Using words that cut you down to size

You wanna fight back, you're out in the open You're under attack but your spirit's not broken You know it's worth fighting for

They try to take your pride, try to take your soul They try to take all the control They'll look you in the eyes, fill you full of lies Believe me, they're gonna try

So when you're feeling crazy and things fall apart Listen to your head, remember who you are You're the one, you're the unbreakable. heart You're the one, you're the unbreakable. heart You're the one, you're the one

Don't look them in the eyes Believe me, they're gonna try To fill you up with lies

They'll try to take your pride, try to take your soul You're the one, you're the one
Look you in the eyes, fill you full of lies
You're the one, you're the unbreakable. heart
You're the one, you're the unbreakable. heart
You're the one, you're the one.
