

Can't Get Enough of It

Three Dog Night

Well, my doctor told me beware
I'm taking more than my share
Falling in love, I can bear
Provided that loving affair
But he don't know about you
And all the things that you do
And how it breaks me in two
Just to know a man's with you
I can't get enough of it, oh
I can't get enough of it, oh
I can't ever let you go, oh
I feel like I need you so, oh
I can't get enough of it, oh
I can't get enough of it, oh
Yeah, 'cos every time we're apart
I get a pain in my heart
And my mind's completely a mess
And I ain't getting no rest
I guess I'm failing the test
I guess you're getting the best
Of all the love I can give
'Cos you're the reason I live
I can't get enough of it, oh
I can't get enough of it, oh
I can't ever let you go, oh
I feel like I need you so, oh
I can't get enough of it, oh
I can't get enough of it, oh
Yeah, 'cos every time we're apart
I get a pain in my heart
I can't get enough of it, oh
I can't get enough of it, oh
I can't ever let you go, oh
I feel like I need you so, oh
I can't get enough of it, oh
I can't get enough of it, oh
Yeah, 'cos every time we're apart
I get a pain in my heart
And my mind's completely a mess
And I ain't getting no rest
I guess I'm failing the test
I guess you're getting the best
Of all the love I can give
'Cos you're the reason I live
I can't get enough of it, oh
I can't get enough of it, oh
I can't ever let you go, oh
I feel like I need you so, oh
I can't get enough of it, oh
I can't get enough of it, oh
Yeah, 'cos every time we're apart
I get a pain in my heart
