

# Happy Song

## Three Dog Night

Sidewalk Sunday seem right on Monday  
That's the way it's always been  
Chasing after a bit of laughter  
That's hanging in the wind  
Oh, I'm in love with a lady  
Got so many good things in my life

Frustrations every single day  
Can roll off one by one  
Don't let them waste your life away  
You can laugh and sing along don't be long  
Keep in time with us sing along

Ooh, sure makes me lazy  
Can't help feeling I'm such  
A lucky guy lucky guy, guy  
Happy just to be alive and living  
Sharing the sun with a shady lady

Sing along, don't be long keep in time  
With us sing along Yeah  
Dee, dee, dee  
You can laugh and sing along don't be long  
Keep in time with us sing along  
Ooh, I'm in love with a lady,  
Got so many good things in my life  
Ooh, I'm in love with a lady,  
Got so many good things in my life  
Ooh, I'm in love with a lady,  
Got so many good things in my life  
Ooh, I'm in love with a lady,  
Got so many good things in my life

My Aunt Matilda stopped to say  
She's feeling fine  
The doctor said her heart is fine  
She has time to spill the wine save a dime  
Keep in time with us learn the rhyme.  
Yeah  
You can laugh and sing along don't be long  
Keep in time with us sing along  
Dee, dee, dee  
You can laugh and sing along don't be long  
Keep in time with us sing the song  
Sing along don't be long  
Keep in time with us sing the song  
Sing along don't be long  
Keep in time with us sing the song  
Sing along don't be long  
Keep in time with us sing the song  
Sing along don't be long  
Keep in time with us sing the song  
Sing along don't be long  
Keep in time with us sing the song  
Sing along don't be long  
Keep in time with us sing the song
