

Heaven Is in Your Mind

Three Dog Night

You ride on the swing in and out of the bars
You ride on the swing in and out of the bars
Capturing moments of life in a jar
Playing with children and acting as stars
Guiding your vision to heaven
And heaven is in your mind
Take extra care not to lose, what you feel?
The apple you're eating is simple and real
So, water the flowers that grow at you heel?
Guiding your vision to heaven
And heaven is in your mind
