

I'd Be So Happy

Three Dog Night

Once in a while I could look at you
See the twinkle in your eyes
With not a word between us
See you smilin' because you read my mind
Once in a while I could hold you
Not have to say a thing
Though I was giving you all my love
Just by what you were feeling
Oh, I'd be so happy
Happier, happier than I've been
Oh, I'd be so happy
Happier, happier than I've been
Once in a while I could wake up
Find you lyin' there, touchin' me
Oh my little girl, once in a while I could wake up
Find you lyin' there, touchin' me
Once in a while twenty years from now
After all that we've been through
I could tell you by one caress
That it's been good bein' loved by you
Oh, I'd be so happy
Happier, happier than I've been
Oh, I'd be so happy
Happier, happier than I've been
Oh, my little girl
Oh, I'd be so happy
Happier, happier than I've been
Oh, I'd be so happy
Happier, happier than I've been
Oh, I'd be so happy
Happier, happier than I've been
