

# Keep My Head

Threshold

i'm doing the best that i can everything is going to plan  
if only i can keep my head tonight  
so when i feel the hardship start i'll try not to take it to heart  
i only want to keep the end in sight

if only i can keep my head when everyone is losing theirs  
if only i can trust my heart when doubting minds are everywhere  
if i can keep my eyes in focus everything will turn out fine  
if only i can keep my head tonight

if only i can keep my head when everyone is losing theirs  
if only i can trust my heart when doubting minds are everywhere  
if i can keep my eyes in focus everything will turn out fine  
if only i can keep my head

i'm doing the best that i can everything is going to plan  
if only i can keep my head tonight
