

A Song for Milly Michaelson

Thrice

Well you know I hardly speak
When I do, it's just for you
I haven't said a word in weeks
Cause they've been keepin' me from you

There's a way where there's a will
You know I got no need for stairs
Step out on the window sill
Fall with me into the air

Here we go, hold on tight and don't let go
I won't ever let you fall
I love the night, flying o'er these city lights
But I love you most of all

And there's something you should know
Girl you should have died that day
and you fell reaching for the rose
but baby I was there to save you

So, here we go, hold on tight and don't let go
I won't ever let you fall
I love the night, flying o'er these city lights
But I love you most of all

Here we go, hold on tight and don't let go
I won't ever let you fall
I love the night, flying o'er these city lights
But I love you most of all
