

# Phoenix Ignition

Thrice

Like a phoenix ignition  
like a crematorium  
Like a swelling volition  
from the barrel of a gun  
From the ashes and the embers  
like a rocket I'll ascend  
Like a cry gone up for a fallen friend  
Like a cry gone up for a fallen..

Like a phoenix ignition  
like a crematorium  
Like a swelling volition  
from the barrel of a gun  
From the ashes and the embers  
like a rocket I'll ascend  
Like a cry gone up for a fallen friend  
I'LL ASCEND

Everyday tear down the walls  
till cornerstones remain  
Coming ONE STEP CLOSER ALL THE TIME  
And although we'll never reach perfection ALWAYS PERSIST TO TRY

No regrets, just rebirth  
move forward, and ignite.  
Incandescent Reinvention  
a new renaissance  
A NEW FIRE EACH DAY  
A NEW FIRE EACH DAY...DAY...DAY...DAY!
