

Our December

Thriving Ivory

I could see
snow covered hills
You were walking
I was standing still
I could feel
The cold on my face
And we were talking like always
I could touch
The snow covered leaves
And you were walking
Closer to me
And I would play you
a song out loud
Yeah, we could sing it
'Till the year runs out
I remember
Streets covered white

And I remember
A long tonight
Said our December
Will be littered with lights
And I see her walkin' to me

Oh, we were holdin'
Our future in hand
A place to fly
And a place to land
And our December we'll be
Sure to last
There'll be no rush
For the year to pass

I remember
Streets covered white
And I remember
A long tonight
Said out December
We'll be littered with lights
And I see her walkin' to me

I remember
Streets covered white
And I remember
A long tonight
Said out December
We'll be littered with light
And I see her walkin' to me

I remember
Streets covered white
And I remember
A long tonight
Said our December
We'll be littered with life
And I see her walkin' to me

And I see her walkin' to me
