

Twilight

Thriving Ivory

I recall a long farewell and a time to choose
So we part like rivers baby, yeah like rivers do
But I still talk about you though and wonder
How it is your life will unfold

Show me what it looks like
Outside your window at twilight

Show me what it looks like
I recall drivin' home, this ain't gonna hit me till God knows when
You know I feel it in my bones and I wear it on my skin
But there is no use in right or wrong
When a heart must go where it belongs

Show me what it looks like
Outside your window at twilight
Is it me that you see dancing on a line,
Singin' I could be yours if you would be mine
C'mon grow old with me and surely you will see

I remember thinking, boy you must be dreaming
So hold on, hold on, before it's all gone
And I do remember thinking
That your world will go on spinning
Without me now, so c'mon, c'mon please

Show me what it looks like
Outside your window at twilight

Show me what it looks like
Outside your window at twilight
Is it me that you see dancing on a line,
Singin' I could be yours if you would be mine
C'mon grow old with me and surely you will see

I recall a long farewell and a time to choose
That your world will go on spinning
Without me now, so c'mon, c'mon please

Show me what it looks like
Outside your window at twilight

Show me what it looks like
Outside your window at twilight
Is it me that you see dancing on a line,
Singin' I could be yours if you would be mine
C'mon grow old with me and surely you will see

I recall a long farewell and a time to choose
So we part like rivers baby, yeah like rivers do
