

## Stand In The Road

Throne

still in a jam, look at you moving on involves stimulation  
and forcing you to leave hurts me too, telling you to  
move

stand in the road, I can't make you move  
it makes it hard, hard to fill your shoes  
if traffic were low, would you stay

staring at the highway  
go and see the world, because you  
because you've moved  
stand in the road, I can't make you move  
it makes it hard, hard to fill your shoes  
can't find the ocean drowning in your pool  
stand in the road, I can't make you move
