

Welcome To The Wasteland

Through the Eyes of the Dead

Years weigh upon years
And each passing day will serve
As a constant reminder of the inevitable death we all face
This earth is nothing but a slowly rotting carcass
Decomposing with the shit that walk along its surface
I will not commit my life to the walking dead
I will not be reborn without a bullet in my head
Welcome to the wasteland
Where your sorrows are compounded by the filth
Engraved with the reality
That this was never meant to be
This is the end
Our time has come
This is the end of an era
We are undone
Agony hangs heavy on the hands of fallen angels
For they have done all they can do
Never enough to stop the coming fire
They will burn us alive
Never enough to stop the rising waters
They will drown us all
Welcome to the wasteland
Where your sorrows are compounded by the filth
Engraved with the reality
That this was never meant to be
This is the end
Our time has come
This is the end of an era
We are undone
Impending doom
This is the end
Vengeance is now
