

Avow

Throwdown

A poison tide, corrosive and alive,
rising to obliterate the weak.
Anchored in spite, an upolluted mind,
this covenant I've sworn to keep
'cause I avow

I, I avow
To this Straight-Edge
I, I avow
Allegiant til' the fucking end

Twenty years, where everything has changed
A culture suffocates beneath the lies
twenty years and I still remain
My allegiance never fucking dies
Never dies

I, I avow
To this Straight-Edge
I, I avow
Allegiant til' the fucking end

I, I avow
To this Straight-Edge
I, I avow
Allegiant til' the motherfucking end

Let's go

I avow
I, I avow
To this Straight-Edge
I, I avow
To this Straight-Edge
