

## Break That Last Glass

### Throwdown

Faster and faster, heading for disaster. Forward to die. Death  
to life.  
When I'm happy. When I'm sad. When I'm mad. Drive me dead. In t  
he dead  
of night, tears fall like rain. Upside down inside a mind of pa  
in. Spill  
that drink, break that glass. You're drunk as fuck, drive me de  
ad. Break  
that last glass.
