

Discipline

Throwdown

I found a better way to deny the lies I've been taught
I found a better way and it can't be bought, no
Discipline (you can't stop this)
Discipline (you'll never stop this)
Discipline
I found a better way to face a life of pain
I found a better way and it's stronger than hate
I found a better way that redefines conviction
I found a better way and it can never be stopped, son
(you can't stop this)
Discipline (you'll never stop this)
Discipline (to destroy all)
Discipline
I built this will from steel for beyond the grave
And this heals what time can't heal
So hear these words I say
This can't be stopped
This can never be stopped
Discipline (I found a better way)
