

Crabtown

Throwing Muses

Crabtown baby brown
It's not work at all
It just slips around your finger
It just sits around, Lingers like a spell

Oh, we can't hardly stand
Oh, we can't hardly wait around
Kiss me over Crabtown baby brown

Underwater I swim sound
Cast a shadow on your cloud
Scattered days like spray Champagne

Oh, we can't hardly stand
Oh, we can't hardly wait around
Kiss me over Crabtown baby brown

Lost my head on Reject Beach
Lost my heart
Come away with me

Oh, we can't hardly stand
Oh, we can't hardly wait around
Kiss me over Crabtown baby brown
