Crabtown

Throwing Muses

Crabtown baby brown It's not work at all It just slips around your finger It just sits around, Lingers like a spell

Oh, we can't hardly stand Oh, we can't hardly wait around Kiss me over Crabtown baby brown

Underwater I swim sound Cast a shadow on your cloud Scattered days like spray Champagne

Oh, we can't hardly stand Oh, we can't hardly wait around Kiss me over Crabtown baby brown

Lost my head on Reject Beach Lost my heart Come away with me

Oh, we can't hardly stand Oh, we can't hardly wait around Kiss me over Crabtown baby brown
