

## Flood

### Throwing Muses

Fly, you get high, right?  
Fly, and you get high, right?

Try, you get by all right  
Try and you get by all right

Ryde, you're my bright light  
You're my bright light

Oh God, I'm high  
Waterfalls of light  
Flood my eyes with light  
Flood my eyes with my aching eyesight  
My aching eyesight  
My aching eyes
