

Let's Go Outside

Throwing Muses

I had a dream
I dreamed that I dreamed the answers to all your questions
And then I woke up
No answers
No chance of sleep
Let's go outside - its getting darker
Let's go outside - it's getting late
Let's go outside
I work a lot
I go overtime, I work for you
But when that whistle blows I roll my sleeves up
Punch out in my right mind
Let's go outside.
