

"I've got the little girls! I've got all the little girls!"  
I lights the cigarettes  
I can do cool thing  
I like exist and that's all  
Save me! Come on, baby Baby, come on  
Don't go for parties  
Make my face hurt!  
I only take people I want  
Save me! Come on, baby Baby, come on  
Talk in quotation marks  
Now watch me do me!  
Chick, chick, chick . . .  
Save me Come on, baby Baby, come on  
I'm on fire Baby, come on.
