

Snakeface

Throwing Muses

Not another drive-in movie
You know you can't sit still
Move me
Snake Snake

Face out an open window
Water in my eyes
Beat me to it
Meet me here next time

One more button undone
You talk too loud I'm talking to you
Talk it into the ground
Move me

Snake Snake
Face out an open window
Fire in my eyes
Beat me to it

Meet me here next time
One more button undone
Next week I'll be a lousy liar
Next time I'll say when

You move me
