

## Snakeface

## Throwing Muses

Not another drive-in movie  
You know you can't sit still  
Move me  
Snake Snake

Face out an open window  
Water in my eyes  
Beat me to it  
Meet me here next time

One more button undone  
You talk too loud I'm talking to you  
Talk it into the ground  
Move me

Snake Snake  
Face out an open window  
Fire in my eyes  
Beat me to it

Meet me here next time  
One more button undone  
Next week I'll be a lousy liar  
Next time I'll say when

You move me
