Throwing Muses

Thank you for singing my chains
When I couldn't sleep
Thank you for chaining me to the bed
That was sweet
Sing me to sleep
Sing to me

My sad brother
My sunny lover
How much are you worth
Or do you work

Sometimes you're so heavy
Sometimes I don't feel you at all
Feeling for a lightswitch
I'm feeling this seconal
I don't like this party
They won't let me make the drinks
So I'm not getting drunk
I don't wanna even think

What's going on
In your corner
If I'm not making friends
You're not making enemies

You lock the cuffs in your pocket
Around my wrist
I'll even let you pretend
That I didn't resist
Sing me a kiss
Sing to me

My sad brother
My sunny lover
How hard do you work
Or do you

I'm so happy
He's talking crap
He just puts me to sleep
Sing me to sleep
Sing to me

My sad brother
My sunny lover
How hard do you come
Or do you

I'm so hazy
You talking crazy
Just puts me to sleep
Sing to me
Put me to sleep
Sing to me
Sing me to sleep
