I see this, in a different light
So clear to me, so true, so tight
So senseless, just to get it right this time this is mine!

You'll want me how you want me
"That little guy's all crazy"
Your saviour, I can never be what you see in me

My heart's on fire this time I'll make it mine!

'Cause all you see in me is all you'll never see
And all you want from me is all I'll never be !

I'm speechless, with much more to say
So aimless, but I'm on my way
So useless, but I'll get it right this time this is mine!

So weightless, so out of touch
I feared these lines so very much
Your saviour, I can't be the crutch that will make you walk!

My heart's on fire tonight I'll make it right!

'Cause all you see in me is all you'll never see
And all you want from me is all I'll never be!

I know that everything I've said makes sense to me, inside my head,
that's where my
Inner peace is at inside my head!

'Cause all you see in me is all you'll never see
And all you want from me is all I'll never be
And I don't care for what you say I dread the thought to be your way
your world
Is fake, and there's no desire
And all I know is I'm on fire!
