Thundamentals

I'm falling, falling, I'm falling
Falling for your love again
And I'm all in, all in, all in
Scared as fuck it's all pretend

Reminisce on when we first met, you wasn't having in
Ghetto fabulous, fat booty, mad bougie
Only thing that you gave me was some attitude
Wrote me off as just some other rapper dude, on a different latitude
Sassy rude miss, but it only made me wanna hit
Like a dog with a bone, sniffing round your mothers crib
Next we on some other shit, kicked it for a second
More than just a physical connection
Falling from the heavens, falling for your presence
Falling for your love again, feeling like I'm plummeting
I could be your everything and I ain't talkin' rhetoric
Let me in, the source of your affection
If you want it come and get it, when you're calling I don't let it ring
Remember when, all we ever wanted was to settle in
We were gonna pick another planet and live on it
Instead we picked it up and dropped it
We about to hit the bottom

I'm falling, falling, I'm falling
Falling for your love again
And I'm all in, all in, all in
Scared as fuck it's all pretend

'Cause my heart as got a hole in it
My heart as got a hole in it
My heart as got a hole in it
My heart as got a hole in it

She hate it when I make her blush
I can't take it when I make her cry
I can see the love up in her eyes, every time we touch
I can feel the comfort in vibe, I'm touching up her thigh
Even though we trying to take it slow
We already said goodbye a couple years ago
But tryna be involved in one another's lives
Is fucking with my mind, she got a heart of gold
Catch my wet feet, run and jump in the fire
It's time I let you know
That you are not a hobby or a one night stand, and
I am not something on the side, go ahead and put it on me
I am everything you wanted
I am sorry if I come across cocky, my bad, but
Some things don't come by chance
I'm a show you all the love I can

You're an old soul with a young mind
You are my cold heart, like the sunshine
And all I know's a fresh start's hard to come by
Love life scars heal, give it some time 'cause sometimes
I see the rain form in the skies
Just waiting for the storm to arrive

I'm falling, falling, I'm falling
Falling for your love again
And I'm all in, all in, all in
Scared as fuck it's all pretend

'Cause my heart as got a hole in it
My heart as got a hole in it
My heart as got a hole in it
My heart as got a hole in it
