All at ya cause your chico's benvenuto
Here's the intro to some intricate pimp flows
Delivered by these gringos
Our lingo's as loco as the granny at the bingo
Been bitten by a nymphonous
Been savaged by a dingo
My stats and the info
They're well documented
This shit's locked
I'm iller till hip hop's relentless
It won't stop till I stop
I won't stop till it stops
So here's to the prospects we twist off and twist on
And rips off with more vivid images than Hitchcock
You think not
Then how come we're getting this disc drop
But I wanna see this bitch copping heavy rotation
That's why I'm ever-ready with the clever quotations
Stereo basement
Fiends for the crackle of the sample
We're so obese you get trampled
Crushed like a stampede that rhymes with cuss
But you're invited to ride with us
It's live as fuck

It's T H U N D A
Ha da da da da
Do do do do do do do do do
Ooh ooh
It's T H U N D A
Ha da da da da
Do do do do do do do do do

Yo DJ let the beat play
Coming straight from the Thundamental groove fam
Believe the name is Tuka
I'm your quintessential hu-man-zee
If some are unaware
I'm a cunning linguist
Spare me a couple minutes
And I'll share my monkey business
I'm a funky misfit
Wild like a pack of lions
Got these rappers silent
Like they've contracted laryngitis
Don't be acting violent cause I'm set to make new stuff

Robbie Williams, let this ape dude entertain you
I demonstrate smooth
I rock a castro
On any brake used
I explain what I know
Not a maestro but a poet dropping nice flows
So fly, floating sky high
Skip a time zone
Hit your flight home
Get your mind blown like TNT
Just tryna get you the right frequency
Frequently insisting you all come freak with me
We be two DJs and a set of east MCs

It's T H U N D A
Ha da da da da
Do do do do do do do do do
Ooh ooh
Yo DJ let the beat play
It's the
T H U N D A
Ha da da da da
Do do do do do do do do do
Da da da da da
Da da da da da
Da da da da da
Da da da da da

I sculpt my art form patiently
Create the speech and place it tastefully
I carve a niche in each page I see
Maybe one day I'll be saying something that inspire you
Thanks to peeps who keep the faith in me and what I'm tryna do
Full stop, capital I
Hip to the hop
Light rappers alight
Spit it from a cliff top
Smashin' the mic and gettin' trapped in the storm
Welcome to the Thunda dome
I'm the hammer of thought

I won't shatter your thoughts
Kickin' ill vernac
Stead he's swingin' out the mix like a silver bat
Four gorillas in the mix here to kill the track
We wield the axe
Fake rappers feel the wrath
Yo I suggest that you tip your hat
Cause we can compare skills and get tit for tat
Tat for tit
My gift of gab's on some plastic shit
You'll probably chat about this to your grandkids
