

Another Shot of Love

Thunder

Awww

Since the first day I hang with you
I've been walking around like Katmandu
'Cause I never get the chance to sleep at night
I'm having trouble just satisfying you, but what can I
do?

Babe, you want another shot of love
I had an overdose, but you can't get enough
Another shot of love, is what you want
Is what you want

Early in the morning when I'm late for work
I know you want it, but all my body hurts
So I took it to the doctor to find a cure, he said
"you're one of those spineless, you've got the face
And I know what's best"

Babe, you want another shot of love
I had an overdose, but you can't get enough
Another shot of love, is what you want
Uh, HEY

What do you want (I wanna get another shot of love)
What do you need now (just another shot of love)
What do you want (I wanna get another shot of love)
Tell me what you want, tell me what you need now baby
(I wanna get another shot of love)
What do you want (just another shot of love)
What do you need now (I wanna get another shot of love)
Tell me what you want, tell me

You want another shot of love
I had an overdose, but you can't get enough
Another shot of love, is what you want
Is what you want

(Another shot) - you want another shot
(Another shot) - oh, one more shot
(Another shot of love) - oh, that's what you want
HEY
