

# Girl's Going Out Of Her Head

Thunder

She was burning up with that white line fever  
She said "tie me up" but I couldn't get near her  
She was walking that fine line  
Stumbling all over the edge  
Shaking like a leaf as high as a kite  
I tried to leave but she didn't want to say goodnight

The girl's going out of her head  
She's going crazy  
Girl's going out of her head  
She don't want to stop

She said "life's a bitch living in the fast lane  
But my Daddy's rich so i shouldn't complain  
I've got money if you want it  
So much I can throw it away  
Then she held a gun right up to my head  
I could have run but I didn't want to taste the lead

The girl's going out of her head  
She's going crazy  
Girl's going out of her head  
She don't want to stop

She's gone crazy

She was walking that fine line  
Stumbling all over the edge  
Shaking like a leaf as high as a kite  
I tried to leave but she, but she, she didn't want to say oodnight

The girl's going out of her head  
She's going crazy  
Girl's going out of her head  
She don't want to stop

The girl's going out of her head  
She's going crazy  
Girl's going out of her head  
She don't want to stop

I said, the girl's gone out of her head  
The girl's gone out of her head  
The girl's gone out of her head  
The girl's gone out of her head, yeah

She's gone crazy, yeah yeah
