

Higher Ground

Thunder

I feel the wind blow on the corner
And I'm looking down along this dead end street
All the people are getting older
But they don't give a damn, their lives are incomplete

It don't look no better than it did before
And I know what's happening behind each door
If I don't get out today, I'm gonna waste my life away
And that's a part that I can't play

I don't wanna spend my whole life in this town
I can feel it driving me away
Baby you and me were meant for higher ground
We got to steal away

As a young boy I didn't fit in
And I knew it then, I wouldn't be the same
But that was only in the beginning
And as the time rolled on deeper grew the pain

So give me one good reason why I should stay
I think I got enough money for the late night train
There's a world you've never seen
But I've been there in my dreams, it's calling out to me

I don't wanna spend my whole life in this town
I can feel it driving me away
Baby you and me were meant for higher ground
We got to steal away

If I don't get out today
I'm gonna waste my life away
I'm gonna waste my life away
And that's a part that I can't play

I don't wanna spend my whole life in this town
I can feel it driving me away
Baby you and me were meant for higher ground
We got to steal away

I don't wanna spend my whole life in this town
I can feel it driving me away
Baby you and me were meant for higher ground
We got to steal away

You and me, we got to steal away
Turn it on, turn it on
