

# Loser

Thunder

Now I know you don't love me, baby  
I'm just trying to find a friend

Darling, don't deny,  
Cause you're a beauty  
In anybody's eyes  
I'm in the gutter  
You're in the skies  
Shining like a star

Baby, don't be cruel  
'Cos if you're dreaming  
Into loving you  
My poor heart  
Would surely break in two  
And that's a chance I can't take

You don't think I'm stupid  
But I don't understand  
Why you're talking to me  
And holding my hand

What you want with a loser like me  
'Cos I'm so confused  
Look at any other man and you'll see  
That I was born to lose  
And this is reality  
'Cos I aint even fit to shine your shoes  
I'm just a loser with the blues

Darling, think again  
'Cos you don't love me  
You're just trying to find a friend  
You're on the rebound  
And this has got to end  
So save yourself please

You can sit there smiling,  
And laughing on the wind  
Well I'll be here crying  
If you leave me some day

What you want with a loser like me  
When the worlds in your hands  
When I think of all you could be  
And I'm just a fool without a plan  
Guess there's nothing I can say  
Now I'll make you try and understand

What you want with a loser like me  
'Cos i'm so confused  
Look at any other man and you'll see  
That I was born to lose  
This is reality  
I'm just a loser with the blues

What you want with a loser like me

When the worlds in your hands  
When I think of all you could be  
And I'm just a fool without a plan  
Guess there's nothing I can say  
Now I'll make you try and understand

I'm just a loser in a band  
Just a loser in a band
