

# One Fatal Kiss

Thunder

Leaden sky just like a mirror  
Reflecting the mood I'm in  
Raining hard like it ain't gonna stop  
Making tiny rivers on my skin

Doesn't seem like so long ago  
Everything I did was right  
You moved the goalposts overnight

Woah I can't believe I was blind every single time  
Woah And now it's come to this with one fatal kiss.

Tell me how long have I been a sucker?  
I bet your friends all know about him  
I suppose he's a hell of a lover  
Did you go to heaven and back again

Did it ever occur to you  
That you'd make me look such a fool?  
How could you be so cruel?

Waoh you must have wanted it bad to risk all we had  
Waoh when your lips met his for that one fatal kiss

Waoh you must have wanted it bad to risk all we had  
Waoh when your lips met his for that one fatal kiss  
I can't believe it's come to this

I can't spend my life looking over my shoulder  
So don't say you love me cos it's over  
No-one wins from this  
There's just the bitter taste and emptiness

Woah I can't believe I was blind every single time  
Woah And now it's come to this with one fatal kiss.  
Waoh you must have wanted it bad to risk all we had  
Waoh when your lips met his for that one fatal kiss  
I can't believe it's come to this  
One fatal kiss
