

She's Like Ice

Thunder

Just like a forbidden fruit that feeds my desire
I wanna touch, but you won't let me close
She acts so cruel, but I'm like a fire
She's trying to fool me, but I know she knows

She's like ice, can't you see
Well, she can burn, but she's freezing me
She's like ice, but she wanna make a feary treat
I'm turning up the heat

You see that beautiful place, it won't ever release me
I even see her drifting thru my dreams
I like to think that she's feeling the same thing
But right now it's just a fantasy

She's like ice, cold and clean
And I know she'll get her kicks beating me
She's like ice, causing people pleasure and pain
And to hurt's nothing but a game

She's got me jumping thru hoops and rings
I feel like a puppy, she's pulling my strings
I got no chance, I'm in her hands
She's got to set me free

She's like ice, can't you see
Well, she can burn, but she's freezing me
She's like ice, but she wanna make a feary treat
And I know she'll get her kicks beating me
She's like ice, causing people pleasure and pain

And to hurt's nothing but a game
She gives me pleasure and pain

She's got me jumping thru hoops and rings
