

# Down With Me

Thunderstone

Long time ago  
Someone sang a song about living in a world  
Where there are no wars, no hate  
Just harmony and love

Long time ago  
Someone told a story about a dream  
Where people could live in peace  
No matter who they are

For thousands of years  
I have seen how man's been creating his own hell  
Been wondering about the human race  
And the ways they brought themselves down

I've never shed a tear  
For the one that slowly killed himself  
And never looked ahead  
I will come when the time is right  
Just to make another one

Down with me  
There's no light  
And no one will ever be free  
I'll break every dream you've ever had  
And make your life so, so sad  
Make your life so sad

Down with me  
There's no light  
And no one will ever be free

Long time ago  
Someone sang a song about living in a world  
Where there are no wars, no hate  
Just harmony and love

Long time ago  
Someone told a story about a dream  
Where people could live in peace  
No matter who they are

I call your name  
I tease you, I tame  
I hold out my helping hand  
You're first in line  
I'll give you the sign  
That's written in stone and sand

Down with me  
There's no light  
And no one will ever be free

Come closer my friend  
And don't be afraid  
I'll take care of you and your dreams  
Now the wise men are dead

Forget what's been said  
Because nothing is what it seems

Down with me  
There's no light  
And no one will ever be free  
No one will ever be free
