Forevermore

Thunderstone

Warning sound of sirens, waking you up This 5 piece mayhem-crew will force you to stop Striking with power, no hesitation We'll turn your head in less than an hour Welcome to our nation We will ease your pain We'll ignite the flames

Underestimated. Head to toe in dirt Keep your distance for your own sake. Try to stay alert Despite what you think, despite what you say You better take a tighter grip because we are here to stay We will ease your pain We'll ignite the flames We'll no longer be servile Not anymore

Forevermore, together for what we all are heading for No compromise, no alibis

Forevermore, together for what we all are heading for No compromise, no alibis

When and if that day will come when all is gone and we are not around Just close your eyes and listen hard... And we'll be back again

Forevermore, together for what we all are heading for No compromise, no alibis Forevermore
