Roots of Anger

Thunderstone

I nail your feet to the ground
And I will never let you go
Never let you go

I'll follow your every turn
Waiting for the final error
I'm right behind you

Oh, it's eating me inside
Tearing me apart
Killing me so slowly
Ripping out my heart

Oh, it's planting seeds in me
Keeping me alert
Paralyzed by the fear
Spreading the roots of anger
Roots of anger

I nail your feet to the ground
And I will never let you go
Never let you go

Oh, it's eating me inside
Tearing me apart
Killing me so slowly
Ripping out my heart

Oh, it's planting seeds in me
Keeping me alert
Paralyzed by the fear
Spreading the roots of anger
Roots of anger
