

## The Chosen

### Thy Majestie

You, again ☐ are showin☐ thyself  
Mighty Angel in the name of the Lord you came

Here, my Saints, I wait for a sign  
For the wish of my God I will stand and fight

Visions of angels disclose the faith  
The holy mission is clear, the path in my head  
There is no time to waste, for my king and my Lord  
For my Lord ☐ I hear the voice of my Lord...

Now, my will, is grandiose and firm  
☐cause the angels of heaven revealed my way  
I will take my belief in me  
In the golden dawn you will see me leave

Visions of angels disclose again,  
The mission is clear, it is your fate  
There is no time to waste for your kingdom  
You must follow the whispers  
They will give you the answers and reasons

You ☐ can make surrender the holy kingdom and the lands  
for the Dauphin  
You ☐ the chosen one to bring the answers to the people of  
France  
The only one that can make surrender the holy lands to  
the Dauphin  
You ☐ the chosen one to bring the answers to the people of  
France
