

Decay Of Christian Empire

Thyrane

Inhuman, mortal incarnate
of holy disease.
Lethal, venomous
smooth spoken psychopathic
prostitute of the shady
and sham neurotic promise,
croaking on your stage
of wicked lunacy.

With a twisted smile,
veiled in grume,
profanating those
who are strong in flesh,
your orgastic sadistic bacchanal blooms
as you sacrifice for the god's bless.

This ultimate nightmare
and its absurdity
represents the white icon
of your humanity.

Inhuman, mortal incarnate
of holy disease.
Lethal, venomous
smooth spoken psychopathic
prostitute of the shady
and sham neurotic promise,
croaking on your stage
of wicked lunacy.

This ultimate nightmare and its absurdity,
its delusion of persecution
represents the white icon
of your humanity.

You're an embodiment
of revulsion.

Deeper,
you sink deeper
in spiritual necrophilia
to loathsome intercourse with your flock.
Abominable dreams
of lustful Saturnalia
from this satyr under the ecclesiastical cloak.
