

# Evilized

## Tiamat

Born on a gloomy night  
Raised the evil way  
A son of an unnamed  
Born by freak

Molten books, ancient scripts  
Dreadful tales of evil ways  
Interpreted the child  
Cleanse the world

When the stars are right  
They will rise from the sea  
Creatures from out of time  
Creatures out of mind

Sacrifice to the lord  
Light fires upon the hills  
Scream the words, the key  
Prepare the funeral

Sacrifice yourself to the master  
Sacrifice your soul to the great  
Scream out the words, scream the key  
The demolition prophecies are true

Behold  
The funeral  
Be evil  
Evilized  
See that  
The world is lost  
It's evil  
Evilized

Behold the master  
Migrate to the surface  
Wave goodbye to your soul  
and to your mind

Mind-blasting terror  
Extreme mass manipulation  
will start up the mayhem  
as evil returns

Rancid bodies dismembered  
Rigid facial expressions  
All covered in blood  
Cascades of brains

Reed deep into the books  
The mayhem tales of terror  
Horrorifying evil visions  
Behold the return

Sacrifice yourself to the master  
Sacrifice your soul to the great  
Scream out the words, scream the key

The demolition prophecies are true

Behold  
The funeral  
Be evil  
Evilized  
See that  
The world is lost  
It's evil
