

Fall Together

Tiffany Alvord

I don't know where I'm going but I'm not gonna wait
I don't have the time to stop or hesitate, yeah
So I'm packing up my bags, getting on a train
Going full force through the hailing rain
'Cause you can't let life stand in your way, oh

I don't know where I'm going but
I just need to keep on moving
One foot forward, the other one follows
Think it for a while, oh
I don't know what lies ahead
But I will try like I can't stop it
Gotta keep up or you'll get left behind
But I know it'll all fall together
It'll all fall together with time

You can't blame the world for the way everything goes
Or you can't grab the reins 'cause you're the one in control, yeah
You can call it luck and you can call it karma
You can make your own fate if you really want to
The only thing standing in your way is you, oh

I don't know where I'm going but
I just need to keep on moving
One foot forward, the other one follows
Think it for a while, oh
I don't know what lies ahead
But I will try like I can't stop it
Gotta keep up or you'll get left behind
But I know it'll all fall together
It'll all fall together with time

Yeeaeaeaeah
Ooooh oh
Yeeaeaeaeah
Ooooh oh
Yeeaeaeaeah
Ooooh oh
Yeeaeaeaeah
Ooooh oh

It'll all fall together
It'll all fall together, yeah

I don't know where I'm going but
I just need to keep on moving
One foot forward, the other one follows
Think it for a while, oh
I don't know what lies ahead
But I will try like I can't stop it
Gotta keep up or you'll get left behind
But I know it'll all fall together
It'll all fall together
It'll all fall together

It'll all fall together
It'll all fall together

It'll all fall together with time
