

# Mother Always Told Me

Tiffany Alvord

My mother always told me  
Be careful when it comes to love  
Don't get yourself in trouble  
Broken hearts are way too much  
My mother always told me  
To take the less travelled road  
But I had a point to prove her  
That I could do it on my own

But I was innocent,  
she was right and I was young  
Looking back at photographs,  
never wanted summer gone  
Making angels in the snow,  
didn't care if it was cold  
My mother always told me "mother knows"

Know, know, know, know  
Know, know, know  
Know, know, know, know  
Know, know, mother knows

My mother always told me  
Not to cross the line  
You can only burn your bridges  
One too many times  
My mother always told me  
You gotta have some nerve  
You might not get what you want  
But you'll get what you deserve

But I was innocent,  
she was right and I was young  
Looking back at photographs,  
never wanted summer gone  
Making angels in the snow,  
didn't care if it was cold  
My mother always told me "mother knows"

Know, know, know, know  
Know, know, know  
Know, know, know, know  
Know, know, mother knows  
Know, know, know, know  
Know, know, know  
Know, know, know, know  
Know, know

Woah oh  
I should've listened when she talked  
Woah oh  
She didn't understand what I thought

But I was innocent,  
she was right and I was young  
Looking back at photographs,  
never wanted summer gone

Making angels in the snow,  
didn't care if it was cold  
My mother always told me "mother knows"
