

All This Time

Tiffany Darwish

All This time
I knew some day you'd need to find
Something that you left behind
Something I can't give you

All these tears
And like a night love disappears
My heart's so good for souvenirs
And memories are forever

All This time
All and all I've no regrets
The sun still shines the sun still sets
And the heart forgives, the heart forgets
Oh what will I do now with all this time?

One more kiss
Even though it's come to this
I'll close my eyes and make a wish
Hoping you'll remember

All This time
All and all I've no regrets
The sun still shines the sun still sets
And the heart forgives, the heart forgets
Oh what will I do now with all this time?

Say Goodbye
A bond will make another try
Don't be sorry if you cry
I'll be crying too

All this day...

All This time
All and all I've no regrets
The sun still shines the sun still sets
And the heart forgives, the heart forgets
Oh what will I do now with all this time?
