

# I Luv How You Feel

Tiffany Darwish

Up  
You lift me up  
Kiss all my tears  
All of the stars...

This life's incredible  
It's so impossible  
One look, one touch  
turns it all around

I've been a naughty girl  
upside down in a mixed up world  
Fumbling and stumbling and  
falling to the ground

You lift me up so high  
Kiss all my tears goodbye  
All of the stars align when I'm with you  
I luv how you feel  
I luv how you feel  
I luv how you feel, you feel

I like the thought of love  
I'm hooked can't get enough  
I wanna get high on you

I feel you all over me  
I feel you take control of me  
You're everywhere I turn  
You're all around

You lift me up so high  
Kiss all of my tears goodbye  
All of the stars align when I'm with you  
I luv how you feel  
I luv how you feel  
I luv how you feel, you feel

I luv how you feel  
I luv how you feel  
I luv how you feel, you feel

I luv how you feel...
